Show the work necessary to arrive at your answer. Circle or box your final answer. Put your name on each page. The homework must be neat and follow a logical progression, or the grader may not grade the work. Staple all pages of the homework together.

Due at the beginning of class on Friday, September 28, 2007.

Section 2.7: 12, 18, 26

Section 2.8: 6, 8

Section 3.1: 2, 8, 12, 24, 34

Section 3.2: 8, 14, 18, 34

Don’t forget that you should be working through a significant number of other problems. A good strategy is to work through several odd numbered exercises prior to attempting the homework problems.
