Show the work necessary to arrive at your answer. Circle or box your final answer. Put your name on each page. The homework must be neat and follow a logical progression, or the grader may not grade the work. Staple all pages of the homework together.

Due at the beginning of class on Friday, November 9, 2007.

Section 4.4: 42, 58, 60, 62, 70

Section 4.5: 12, 28, 38, 40, 46, Bonus: 52

Section 4.6: 4, 8, 12, 16, 30

Don’t forget that you should be working through a significant number of other problems. A good strategy is to work through several odd numbered exercises prior to attempting the homework problems.
